As part of the accreditation process CCNE provides an opportunity for program constituents, such as program graduates, program participants, faculty and the practice community, to provide third party comments. Written comments must be received by CCNE 30 days prior to the scheduled visit (on or before March 23, 2012). Please include the name, address and telephone number of the person providing comments. Only signed comments will be accepted and these comments shared with the program.

Please submit comments to:
