**WITH DR. DAN E. FISCHER, FOUNDER &
CEO OF ULTRADENT PRODUCTS, INC.**

Tuesday, October 20, 2009

5:30 Refreshments

6:00-9:00pm Lecture

Stony Brook University,

Center of Wireless & Information Technology

1500 Stony Brook Road

\$99/Registrant \$49/Alumni

3.5 CDE Credits

TOPICS TO BE DISCUSSED:

- Minimally Invasive Dentistry - Early diagnosis, micropreps and invisible fillings
- Looking at caries as an infectious disease
- Early Intervention to help prevent childhood cavities and minimize adult disease
- Recognize the principles of quality adhesives and esthetic results for direct reconstruction of fractured anterior teeth
- Understand tooth whitening to a new level and how old is too old and young is too young
- Learn the Treatment option for fluorosis
- Learn the techniques for direct reconstruction of mutilated posterior teeth
- Diagnostic and treatment protocols using scientifically accurate color mapping for complex cases

This is a unique presentation intended for the entire health care family.
